

سوال ١

(الف) $100 \mid \mid \mid 00 \xrightarrow{I_{r=0}} 0 \mid \mid 000 \mid \mid \xrightarrow{\log_{\text{base } 2}} -99$
 $2^4 + 2^4 + 2 + 1 = 99$

+4

(ب) $100 \mid \mid \mid 00 \xrightarrow{I_{r=0}} 0 \mid \mid 00 \mid 00 \xrightarrow{\log_{\text{base } 2}} -100$
 $2^4 + 2^4 + 2^4$

+4

(ج) $100 \mid \mid \mid 100 \xrightarrow{\log_{\text{base } 10}} 19, \Delta$
 $2^4 + 2 + 1 = 19$
 $\frac{r}{r^d} = 0, \Delta$

+6

(د) $100, \mid \mid \mid 00 \xrightarrow{I_{r=0}} 0 \mid \mid, 00 \mid 00 \xrightarrow{\log_{\text{base } 2}} -12, 12 \Delta$
 $\frac{r}{r^d}$

+6
